

Dear colleagues,

The end of the first phase of the Network of Excellence is looming. The final plenary took place on the 19th -20th of January in Rome, with the participation of our project officer, for wrapping up all the final issues but starting off some of the tasks of e-Photon/ONE+ that starts officially on March the 1st. A final e-Photon/One and first e-Photon/One+ Workshop is organized in conjunction with OFC/NFOEC in March. You can also read more about 'Broadband for All' related events. We are also presenting a full list of the e-Photon/One partners with their websites.

As always you can read more on the website: www.e-photon-one.org!

Hope you enjoy the issue

The editorial team

Requests for Inputs

WP14 "Final plan for using and disseminating knowledge"

It is considered one of the most important deliverables and has an absolute deadline that comes with the project. It is necessary to provide information about how you have used or found helpful e-Photon/ONE support. More information can be sought from Mike O'Mahony: mikej@essex.ac.uk.

Final Reports

Deadline for submission of partners contributions to the final reports (related to the second year and to the full project duration) is the end of March. The Project Office (e1-office@mail.tlc.polito.it) will provide you with further instructions soon.

Please remind that the project reporting period for the second year is: **1 Feb. 2005 – 28 Feb. 2006.**

e-Photon/ONE @ OFC/NFOC 2006

International Workshop on the Future of Optical Networking

Sunday 5th March 2006, Room 303A, Anaheim Convention Center, Anaheim, CA, USA

Sponsors: e-photon/ONE Network of Excellence
Photonic Internet Forum, Japan
OBS/OPS Forum

TPC: Dan Blumenthal [Univ of California SB, USA]
Ken-ichi Kitayama [Osaka Univ, Japan]
Mike O Mahony [Univ of Essex, UK]
Tanya Politi [NTUA, Greece]
Chunming Qiao [Univ at Buffalo, USA]

Objective

To provide a platform for understanding regional views on the progress towards optical networking in both telecom and non-telecom (e.g. Grid computing) sectors. The discussion will focus on optical networking R&D activities in the next 5 years toward 2010 in China, Europe, Japan, Korea and USA. Regional R&D plans will be presented together with examples of major current projects. Discussion will extend to possible collaborations between regions. The attendance is free of charge but pre-registration is preferred. Please send an email to T. Politi: tpoliti@telecom.ntua.gr. Please have a look for updated info at:

<http://www.cse.buffalo.edu/~qiao/workshop/FON/>

Invited paper: "The European Network of Excellence E-Photon/ONE on Optical Networks"

11:00, Friday 10th March 2006, Room 303A, Anaheim Convention Center, Anaheim, CA, USA

Authors: Fabio Neri¹, P. Poggiolini¹, F. Callegati²;

¹ Dept. di Elettronica, Politecnico di Torino, Italy,

² Dept. di Electtronica Informatica e Sistemistica (DEIS) Univ. di Bologna, Italy

e-Photon/ONE Final Plenary Meeting

Rome, 19th and 20th of January 2006

The Management Team would like to thank all the partners for participating at the final e-Photon/ONE Plenary meeting in Rome, last week. Special thanks goes to the hosts for organizing the event: Fondazione Ugo Bordoni (FUB) and Istituto Superiore delle Comunicazioni e delle Telecomunicazioni e delle tecnologie dell'informazioni (ISCOM). The two day meeting took place in the Aula Magna of Ministero delle Comunicazioni.

The technical content of the event consisted of presentations from the Work package leaders with emphasis on the results of the research held in the Virtual Departments and Joint Projects but also from the other work-packages. BUPT that is an Collaborating Institute presented their work. Substantial effort was spent on Management issues with a significant input from the Quality Assurance Committee. Some issues for e-Photon/One+ were resolved and discussed. Presentations can be reached at (access for partners only): https://www.e-photon-one.org/ephotonone/servlet/photone.Generar?seccio=1_1_11

Call for Papers

IST Mobile & Wireless Communications

Paper Submission Deadline 31 January 2006. The event will take place in Myconos Greece. For more info:
